HELLO

I'm Ceri, owner and designer at **Ceri Gwen**. I am a graphic designer, surface pattern designer and maker of quirky gifts. I live with my family in south Wales, in a small village just outside our capital city of Cardiff.

After graduating from the University of Reading with a degree in Typography & Graphic Communication, I worked for Microsoft in Seattle and then for a branding agency in London, before becoming a founding partner in a Cardiff design consultancy. Since having a family, I have enjoyed a quieter lifestyle and now work as a freelance designer.

Early in the morning, I enjoy walking across the fields immediately outside my front door. Watching the seasons change is a great inspiration to me. Then I make the short commute to my studio in the garden where I love to design whimsical products and fabrics (which I sell online), or to work on graphic design projects for a wide range of clients all over the world.

I hope to continue to expand my product range for wholesale and will keep you updated when new things become available. Please get in touch if you'd like to sell my products. You can also follow me on Instagram @cerigwen_shop.

Nice to meet you!
